## RESCULPT PRO 360

**RESCULPT**  
FOR PURE BODY CONTOURING  
**PRO 360**

**Why compromise when you can have  
both technologies in one device?**

ReSculpt Pro 360 combines fat freezing + muscle stimulation for visible, lasting results, earning you over £100K/year with just 2 sessions a day.

# Introducing ReSculpt Pro 360

The ultimate hands-free body contouring solution

Clients want more than a quick fix, they want real, visible body transformation without surgery, discomfort, or downtime. That's exactly where ReSculpt Pro 360 steps in.

This advanced device is a complete solution for body sculpting, combining two powerful technologies in one:

1. **Cryolipolysis (Fat Freezing)** targets and permanently destroys fat cells.
2. **High Intensity Focused Electro-Magnetic technology** to stimulate deep muscle contractions and build strength

**Together, they offer a dual-action approach:**

1. Sculpt, tone, and define muscles.
2. Freeze stubborn fat areas with 360° full coverage.

**With ReSculpt Pro 360, you can:**

- Treat multiple body areas (including chin, abdomen, thighs & arms).
- Deliver results equivalent to 20,000 squats in a single session.
- Run completely hands-free treatments in just 20–30 minutes.
- Offer a premium experience with no downtime, pain, or recovery.

# Fat Freezing + Muscle Building

ReSculpt Pro 360 does the work for you, no effort, no downtime

## **Cryolipolysis (Fat Freezing)**

This targets stubborn fat cells by safely cooling them to low temperatures, causing the cells to crystallise and be naturally removed by the body.

- 360° applicator eliminates 50% more fat than standard heads.
- Adjustable sizes to fit all body types and fat pockets.
- Includes small heads for chin, knees, and other tricky areas.
- Treats two areas at the same time.
- Cools to -10°C with real-time temperature monitoring.
- Comes with 3 cryo heads: Small, Medium, and Large.
- 9 swappable attachments for maximum flexibility.
- Low consumables, easy to maintain.
- Offers permanent fat cell reduction.

## **High Intensity Focused Electro-Magnetic technology**

This uses focused electromagnetic energy to deeply contract the muscles, similar to doing 20,000 squats in one session. These powerful, painless contractions help build muscle and burn fat.

- Reduces fat by up to 30%.
- Increases muscle by up to 25%.
- Delivers results equivalent to 20,000 squats.
- Hands-free, time-saving treatments.
- Can treat multiple body areas.
- Pain-free & requires no consumables.
- Fully automated, 20–30 minute sessions.
- Easy to operate – no additional staffing needed.

## How Does It Work?

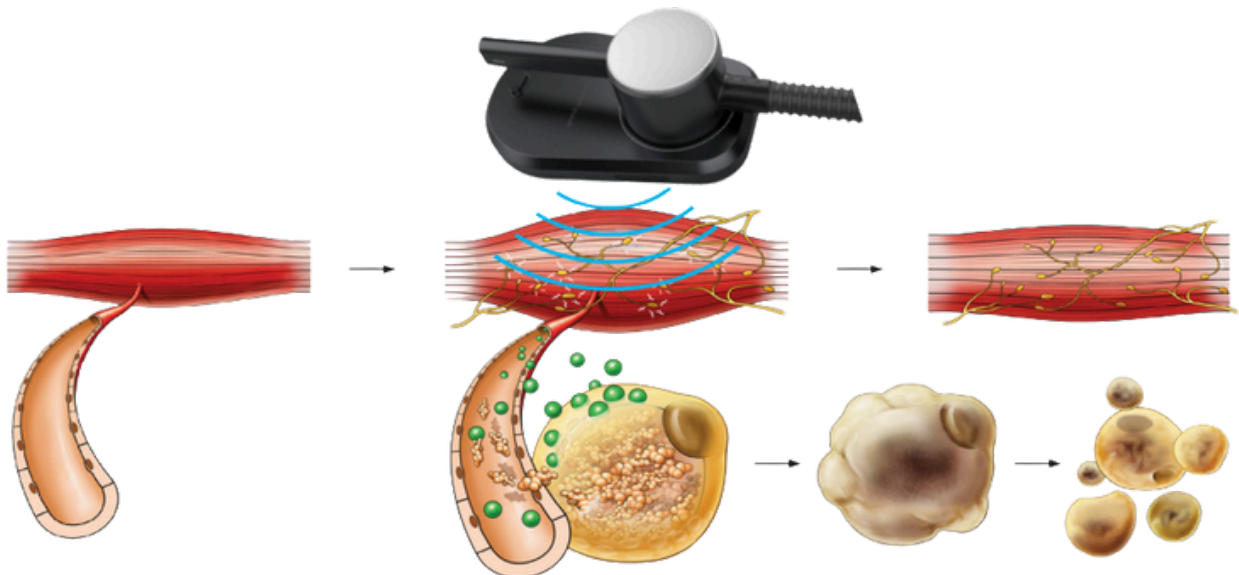

**Cryolipolysis (Fat Freezing)** is a patented fat-freezing technology originally developed by Harvard University. It uses controlled cooling to safely target fat cells beneath the skin, reducing the temperature to between  $-10^{\circ}\text{C}$  and  $+5^{\circ}\text{C}$ .

This causes the fat cells to break down naturally, without damaging surrounding tissue. Over the next 1–3 months, the body gradually removes the dead fat cells through the lymphatic system, leaving behind a more sculpted, refined shape.

**High Intensity Focused Electro-Magnetic technology** stimulates powerful, supramaximal muscle contractions—far stronger than those achieved through regular exercise.

When muscles are exposed to this intense stimulation, the tissue responds by adapting and rebuilding itself. This leads to the growth of existing muscle fibers (hypertrophy) and the creation of new ones (hyperplasia), resulting in visibly stronger, more defined muscles with increased tone and volume.

# Your Earning Potential

ReSculpt Pro 360 does the work for you, no effort, no downtime

RESCULPT PRO 360	Area	Suggested pricing per session	Treatments per day	First month	Following 5 months
Fat Freezing	1 area (ABS, chin, etc.)	£199	x2	£1,990	£9,950
	2 areas (hips, thighs, etc.)	£250	x2	£10,000	£50,000
High Int. technology	1 area (ABS, chin, etc.)	£140	x2	£5,600	£28,000
	2 areas (butt, thighs, etc.)	£150	x2	£6,000	£30,000

The above is based on just 2 treatments per day over a 5 day working week.  
Snapshot showing just 4 areas from over 40 treatments available with the ReSculpt PRO 360.

Abdomen

Upper arms

Thighs

Buttocks

Waist

Whether you're a new clinic or expanding your treatment menu, ReSculpt Pro 360 is designed to deliver predictable, scalable income.

**Just 2 treatments per day can generate over £100,000+ per year.**

You can personalise packages, charge per area or per course.

**This is one of the most profitable devices on the market.**

# Real Results = Happy Clients

***“After recently giving birth and having a C-section my stomach muscles had separated and I really needed some extra help. I started my journey with the ReSculpt machine from PureSkin and I’m so happy with the results. It’s the most convenient way for me to get back into shape - quick treatments and results a million times better than what I could achieve with workouts.”***

*– Hanna Kinsella*

***“The reason for choosing PURESkin as a company was purely due to their support and technology. PURESkin is great, with in-depth training and ongoing support, including marketing and social media content ready for you to use. Our clients love RESCULPT and the results are fantastic.”*** – Swann Aesthetics

Female - Age 42

Results after **two months**:

Weight -4.4kg (-2.9%)

Fat thickness -32.9%

Muscle thickness +19.4%

**These success stories are just a glimpse into what's possible when your clinic offers body transformation technology that truly works.**
